Vytautas Strimaitis

Software Developer
Born 1997 in Vilnius

About me

I am primarily a backend developer, but I always keep an open mind and have used many different technologies throughout work and personal projects - from .NET and Azure, Python or Kotlin to React with Typescript. I really love all kinds of puzzles, especially algorithmic ones. Because of that, I regularly participate in programming competitions and also share my knowledge with school students by helping them prepare for olympiads.

Skills

Java | C# | REST API | React.js

Typescript | JavaScript | Spring

Python | Apache Camel | Maven

Git | Azure

Hobbies

</> (Competitive) programming

🖥 Computers in general

🧮 Mathematics

🎮 Video games

🚀 Tennis

💼 Experience

Software developer (Java)
Cognizant
since July 2017

Lecturer
Saturday School for Informatics Olympiads
since January 2018
Sharing my knowledge of programming and algorithms with school students

Intern Software Engineer (.Net)
Bentley Systems Europe B.V.
June 2016 - September 2016

🎓 Education

Vilnius University
since September 2019
Master of Science (M.S.) in Computer Modelling

Vilnius University
September 2015 - June 2019
Bachelor of Science (B.S.) in Software Engineering

Physics school for talented students "Fizikos olimpas"
July 2012 - June 2015
Graduated with a gold medal

Saturday School for Informatics Olympiads
September 2013 - July 2014

Lithuanian School for Young Mathematicians
September 2012 - April 2014
Graduated with the maximal score

🏆 Awards

Vilnius University representative at the ACM ICPC
2015 - 2018

Lithuanian Students' Programming Olympiad
6th place in 2017, 9th place in 2018

International Physics Olympiad
Bronze medal in 2015

European Union Science Olympiad
Silver medal in 2014

National Lithuanian Students' Physics Olympiad
Silver in 2013 and 2015, Gold in 2014

Dr. J. P. Kazickas's programming contest
Second place in 2015
